

football.h

```
graph TD; A[football.h] --> B[string]; A --> C[iostream];
```

A diagram illustrating a dependency relationship. At the top is a dark gray rectangular box labeled 'football.h'. Two blue arrows originate from the bottom edge of this box. The arrow on the left points to a light gray rectangular box labeled 'string'. The arrow on the right points to a light gray rectangular box labeled 'iostream'. Both 'string' and 'iostream' boxes are positioned below 'football.h' and are horizontally separated.
